FILED WITH AGREEMENT
SEP 7 1927
AGENT NO. 3986

F-42-155

September 7, 1927

Mr. G. E. Bissonnet,
General Auditor,
Building.

Dear Sir:

In connection with your letter of August 10, No. A-701-1-99, I send to you herewith, copies of:

Mr. H. B. Ochiltree's telegram A-688, Aug. 16, 1927,
Mr. C. C. Barnard's telegram A-486, Aug. 16, 1927,
Mr. H. B. Ochiltree's letter FA-42-155, Aug. 18, 1927,
Mr. C. C. Barnard's letter, no number, Sept. 1, 1927. ✓

From Mr. Barnard's letter, which explains the matter fully but adds little to the information furnished you in my letter of August 23rd, it appears that little, if any, attention has been given this trackage by the Operating Departments of either company, and, from the information which the Traffic Department placed in our switching tariff, we were justified in assessing the charges we have collected.

Undoubtedly the Colorado & Southern Railway Company are entitled to some compensation for our use of their right-of-way, but as they performed no service and did not own the trackage, it is a question as to whether they are entitled to the entire switching charge which we collected, but if they are, then we should be entitled to per diem on each car loaded.

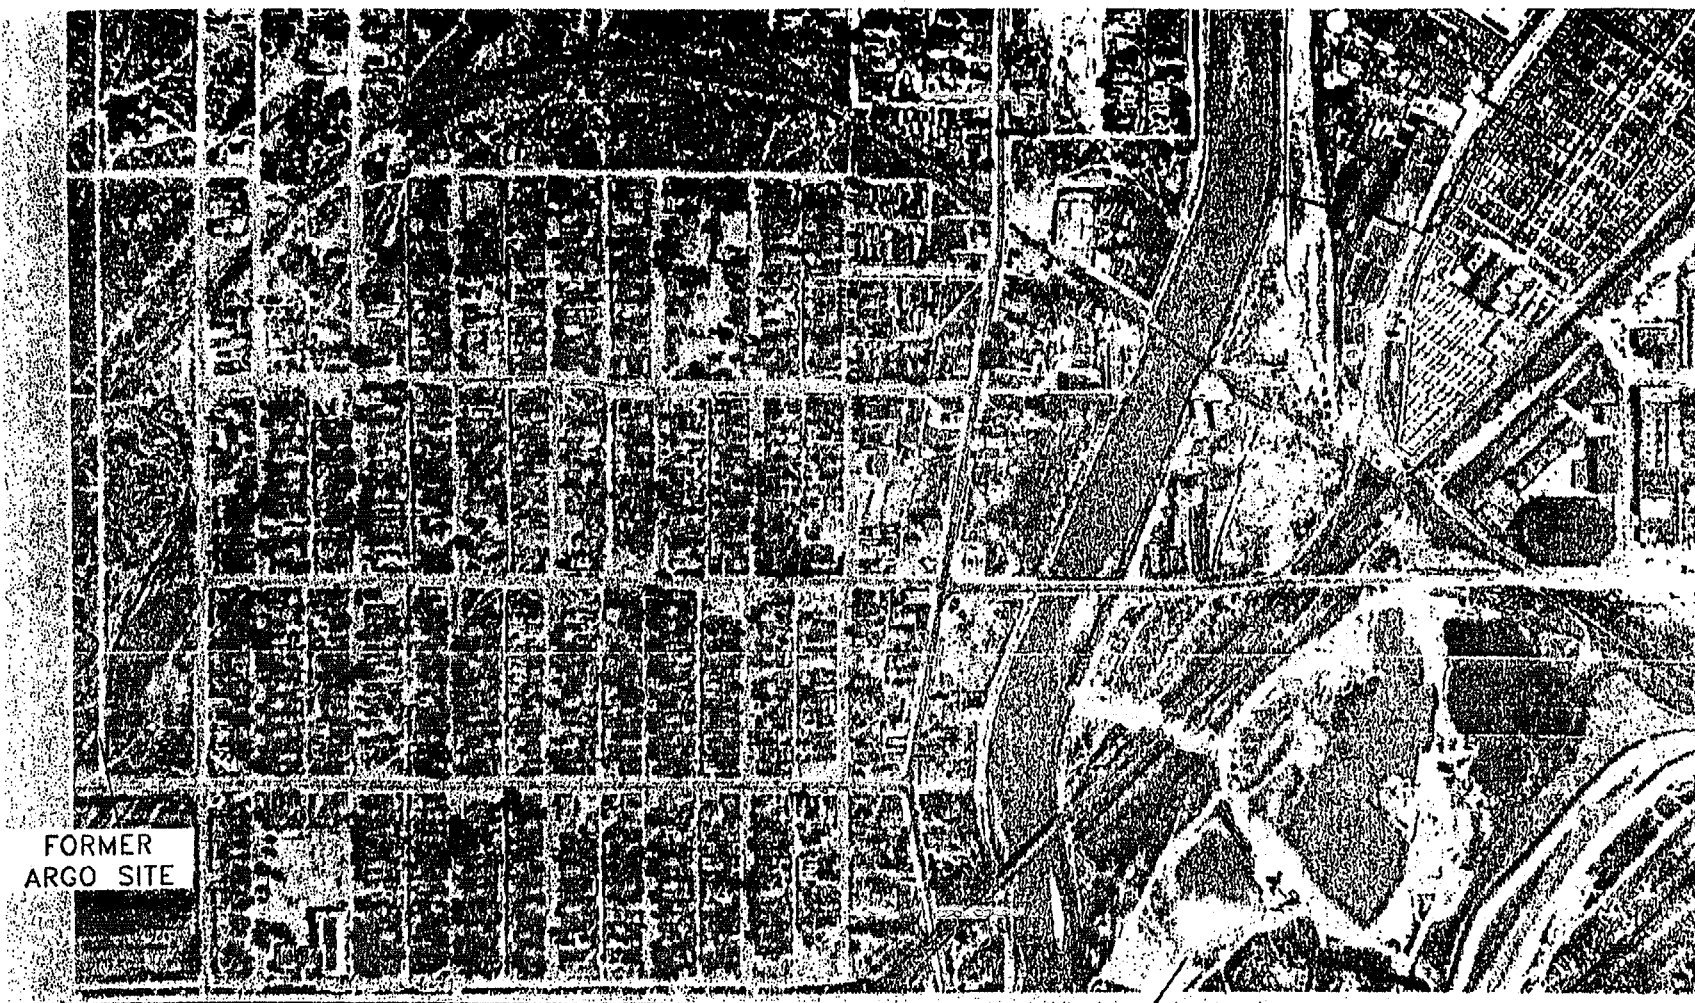

I am of the opinion that we should not make any refund until some retroactive agreement has been reached with the Colorado & Southern Railway Company by our Operating Department. I will take the matter

Yours respectfully,

H. A. Toland
